Investment department

The Investment Department is responsible for starting new investment projects and modernization works in the area of business for company HSJ S.A.

All inquires/ current request for proposal concerning planned investments can be found on our [Purchasing Platform – Logintrade](#). We are looking for construction works, energy installation and mechanical contractors.

We especially appreciate cooperation with contractors who offer complete tasks, from project work to realization, including commissioning of the buildings.

We invite contractors with experience, competitive prices and confirmed references to send offers to Logintrade.
